A guide to repairs in your home

A guide to repairs in your home

Introduction

We want you to live in a decent home, in good repair. We all have a responsibility to ensure this.

Which repairs are your responsibility?

- Anything that belongs to the tenant such as washing machines, showers and other electrical appliances
- Fuses
- Light bulbs, tubes and starters
- Fixtures and fittings such as curtain rails
- Replacing stolen or lost keys and locks
- Clearing of blockages in waste-pipes and drains caused by misuse
- General good house-keeping such as tightening screws, plugs and drains to sinks, basins and baths
- Draught-proofing to internal doors

- Minor plaster cracks
- Garden maintenance (unless undertaken as a service)
- Internal decoration
- Any damage caused by yourself, a member of your household or visitors to your home
- Toilet seats

In the main, all other repairs to your home are our responsibility and a comprehensive list can be found in your repairs handbook or obtained from our customer service centre.

Reporting a repair

You can report a repair at any time. You can either ring our freephone number: 0800 027 0667 or visit one of our offices, email us on repairs@mosscafe.org.uk or write to us (see reverse of leaflet). Where access will be needed to do the repair, let us know when you will be at home or how we can get access.

If you live in a property with communal areas it is very important to report repairs such as blocked drains or failed lights. All reports of repairs will be prioritised as per the table opposite.

Response times

Our response times vary depending on the nature of the repair. (See table opposite). In the case of an emergency repair (marked by * in the table opposite) we provide 24 hour cover, 7 days per week.

URGENCY	TYPE OF REPAIR	RESPONSE TIME
EXTREME EMERGENCY*	A very serious health and safety hazard, things like a major burst or a complete power failure.	3 Hours
EMERGENCY*	Repairs which would cause severe discomfort, disruption or something which would cause damage to the building and your furnishings. For example, partial loss of services.	24 Hours
URGENT	Repairs which affect your comfort and convenience and/or contribute towards damaging your home. Examples: total heating or hot water failure in the summer and electrical repairs.	7 Days
ROUTINE	Less urgent repairs that can wait a short time. Examples: repairs to kitchen units, and minor electrical repairs.	28 Days
